

We seed your prosperity...

**YOUR FIRST STEP WITH US FOR A
BETTER FUTURE**

TRAINEE PROGRAM

**WELCOME TO THE COLOURFUL
POTATO WORLD**

AR TARIM TOHUMCULUK SANAYİ VE TİCARET A.Ş., a joint company of Agrico and Europlant, has been in the Turkish market for 30 years. In Turkey AR TARIM multiplies high grade seed from their shareholder's varieties . Furthermore, to be of support to the local seed sector, we cooperate with mini-tuber and national seed developers. Having a leading position as a seed producer and marketer to the tableware segment we now also have established a good position in the processing sector.

YOUR ENTRY INTO THE POTATO WORLD

You will get an insight into all AR TARIM working groups. Field work and the procedures of all systems will be taught. Based on your prior experience we will identify focus areas. (Training on the job)

LOCAL AND INTERNATIONAL TRAININGS

Within a year you will receive the necessary professional training at our premises - be it national or international- comprising planning, production and marketing. The program flow depicted which serves as a sample only will depend on seasonal and personal experience/interest criteria. The activities mentioned are being supported by trainings, seminars and foreign language courses.

SAMPLE PROGRAM FLOW

- 2 months insight into the business; Learning at the AR TARIM Harvest & Warehousing facilities and Headquarter.
- 1 month inside sales support
- 2 months field preparation works for the new season
- 1 month dispatching of import and local seeds
- 6 months production and harvest (Active support to the AR TARIM production plan)

After the training period the chosen candidate will be fully prepared to take over new responsibilities according to his/her interests and capabilities.

QUALIFICATIONS DESIRED

- University degree
- Good English, written and oral
- Good communication and team work skills
- Open to new cultures
- Elevated problem-solving and organizational skills
